Dear Madam:

I hope this note finds Your Royal Highness well. Here at People for the Ethical Treatment of Animals (PETA), we have been following your recent health journey with concern and were pleased to hear that you've completed your treatment.

We hope you can relax and indulge in the activities you love as you recover, and we enclose a gift for you: a pair of the first-ever vegan UGG boots – perfect for gardening, taking walks, or curling up with the kids.

They're cosy and comfy, but the best thing about these UGGs (created in a collaboration with Collina Strada) is that they're made from sugarcane, TENCEL, and recycled polyester microfibre, which means they spare gentle sheep terrible suffering in the wool industry and take a little pressure off the planet.

However you spend this period of rest and reflection, we hope you enjoy wearing these beautiful, stylish boots, knowing they are kind to animals and the environment.

We wish you a speedy recovery.

Yours sincerely,

Elisa Allen  
Vice President of UK Programmes and Operations
